## KEY FEATURES

- Minimal framed system offering better acoustics and aesthetics
- Accommodates our very exciting EVO "control close" hinge products as well as free swinging hinges
- Ease of project site installation
- Full door or transom design options
- Single or double door openings
- ADA compliance using "control close" hinge technology
- Recommended use of popular drop seals to mind the door undercut gap

# TYPICAL INSTALLATION

In the world of interior design, less usually equates to more.

Our PureGlass Slim Wall System re-introduces the definitive look of framework with minimalistic boundaries and division. Still allowing the fluidity of glass to shine through whilst providing numerous design configurations and options.

Slim Wall encourages conversation not contemplation; structured environments that step away from the norm and engage.
